

## Trolley vacuum machine with chamber mod. TCM6-C

## TCM6-C

- Entirely made in stainless steel
- Automatic vacuum creation and functioning
- Electronic sealing, variable at 9 levels
- Timing and automatic cooling system
- Air inlet by electrovalve
- Checking panel with 10 standards + 10 soft vacuum programs
- Micro switch cycle starting
- Button for pump heating or external containers vacuum
- Vacuum in containers, bags and jars

### WELDING BARS:

- 2 welding bars size 520 mm
- 1 welding bar size 520 mm + 1 size 890 mm
- 2 welding bars size 950 mm
- 2 welding bar size 520 mm + 1 size 820 mm

### VACUUM PUMP

- 100 m<sup>3</sup>/h BUSCH OIL

### OPTIONS:

- Inert gas system
- Stair well for liquids
- Pistons Bar
- Printer Set

TECHNICAL DATA		
	Unit	Data
<b>MACHINE SIZE / WEIGHT</b>		
<b>Lenght</b>	mm	1050
<b>Width</b>	mm	690
<b>Height</b>	mm	1050
<b>Weight</b>	Kg	~ 200
<b>CHAMBER DIMENSIONS</b>		
<b>Lenght</b>	mm	960
<b>Width</b>	mm	540
<b>Height</b>	mm	200
<b>Voltage absorbtion</b>	KW	~ 1.5
<b>Electrical feeding</b>	Volt	380 V
